Me Too! Daycare Integration

An experienced educator will help develop the child's potential through early intervention; focusing on strengths and enhancing skills that allow the child to participate as fully as possible in their childcare setting.

FOR MORE INFO:
(514) 694-7090 #220

FOR PRESCHOOL AGED CHILDREN WHO:

- ▶ have an intellectual handicap, a developmental delay or autism;
- ▶ are attending or wish to attend a West Island preschool, home daycare, or childcare centre.

THESE SERVICES ARE OFFERED TO:

- ▶ the family, by providing a resource they can rely upon to facilitate their child's entry and continued success in a childcare setting;
- ▶ the childcare centre, by providing information, suggestions and training on how to work with a child with special needs;
- ▶ the child, by determining his or her needs and by formulating an approach tailored to meet those needs.

This project is made possible through a grant from CAPC (Community Action Program for Children).

PHASE I

A consultation with the childcare staff and family in order to:

Evaluate & Provide information

PHASE II

Includes on-site follow-ups throughout the year to continue the problem-solving process and evaluation of the child's progress.

Consult · Observe · Role Model
Design an Individual Program Plan
